

# BEGINNING DRAWING AND PAINTING SUPPLY LIST

Students working in Beginning Drawing and Painting are going to use many new materials and some they may already be familiar with. All of the materials required for this course will be supplied in the classroom. All students are asked to bring a pencil to class every day. *Excelling* in this class, as in almost every class, requires that a student apply themselves consistently and keep their materials organized, in good condition, and readily available. To help students keep their notes and materials organized and in good condition it is recommended that students bring the items listed under the right-hand column. These supplies as well as others may be found at art supply stores in the area.
