

# Recordion Book Planning Page

The Recordion Book Requires a lot of information and a lot of components. This means that planning where to place all of these things is important. Below you will find a list of items that must be included in your Recordion Book. Use arrows, drawings, and notes to plan out where things will go in your book. Note that sometimes more than one thing may be used on a page, for example, you may plan to place your written conclusion on a separate piece of paper and place it in your Pocket or Envelope. In a case like this you might title one page "Conclusion" and draw an envelope on that page. When you add something to your plan, cross it out from your list of required items.
