

## Social Issue and Color Meaning

*Begin by cutting 5 pictures of "objects" (single items such as a key, dinner plate, stethoscope, etc.) from a magazine and glue them to a separate sheet of paper. Below each clipping write a social issue or two that you think might be related to the picture. Once you've glued down your clippings and labeled them with social issues, complete this worksheet.*

1. List the five objects you've cut from the magazines and glued to a sheet of paper:

--	--	--	--	--

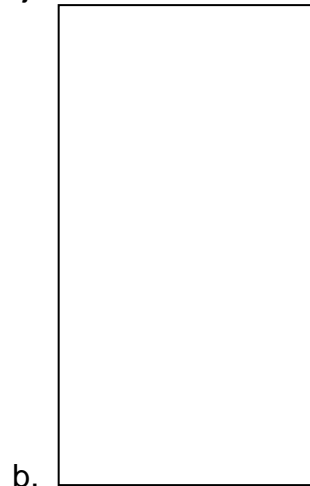

2. Out of these five objects, which is the simplest (the easiest to draw) image or object?  
\_\_\_\_\_

3. List five social issues you've connected to your object clippings

--	--	--	--	--

4. Out of these five social issues, which one is the most interesting to you? \_\_\_\_\_

5. Choose the best object/social issue combination and draw your object in one of the two rectangles below as you will see it in your project

6. What is the social issue you've chosen in association with this image? \_\_\_\_\_

7. Why did you choose this object/social issue combination? \_\_\_\_\_

---

---

8. Do you see your social issue as a good thing for society or a bad thing? \_\_\_\_\_

9. Social Issues are arguments or debates within a community with two sides, what are the two sides to your social issue? (HINT: The debate may not be over the issue or problem but the solution to the problem.)

a. What is the argument for one side? \_\_\_\_\_
